

# Salters Hill

## Strategic Aims 2015-2018

**Sustain, grow and develop our services.**

**Encourage and enable the voice of people we work with.**

**Value the environment and its impact on health and wellbeing.**

## Business Plan.

### What we will do in 2016/17.

1. **Invest in people.** Developing opportunities for demonstrating how we care about health and wellbeing, for people we support, volunteers and our staff.
2. **Grow Independence.** We will find more ways for people we support and staff to grow in confidence, experience and skills.
3. **Fundraise** for new projects in order to contribute and be part of our local communities.
4. **Look after our land, buildings and environment.** Minimise our organisation's impact on the environment and find more ways to make the sites we are based in an opportunity to flourish.
5. **Work together.** Ensure we take a proactive approach to improvement, efficiency and financial sustainability
