

Salter's Hill is a community based charity with over 30 years' experience in working with adults with learning disabilities. We are known for our personal approach in delivering care and support often in rural areas.

We encourage more people who live locally to us, with our involvement and support, to achieve the things that matter to them.

Our purpose is to work alongside people with learning disabilities and others who seek our support, to develop confidence, skills and independence.

To promote the rights of vulnerable people we are involved with.

To recognise the value and opportunities the environment gives people to flourish and achieve

What this means for :

People we support: We will listen to, respect and value the partnerships that develop

Staff and Volunteers: We will value the contribution each person makes and encourage new opportunities.

Communities: to provide opportunity that is of value and makes a difference to local people.

Families : to work alongside families of the people we support and build on mutual trust and respect.

Commissioners: to provide a service that people need, understand and value.

Our Values:

Inspire Others

Give our best every day

Approach things together

Salters Hill

Promotes-

- Our community and actively contributes in partnership with others.
- Our exceptional staff and volunteers, who are locally connected, learning with, and working alongside, adults with disabilities and their families.
- Positive response to change, opportunities and individual needs.
- Being large enough with sufficient resources to welcome new business and develop effectively.
- The best possible, high quality, care and support service.
- Inspiring people in our communities to create work and leisure opportunities.
- Identifying the benefits of the environment we work in on people's health and well being.
- Celebrating diversity and working with and for amazing people.
- Being a charity that is managing our impact on the environment in a positive way.

Our Goal is to be the most trusted and responsive local community provider of care, support and opportunities for people with disabilities and their families.

Our Focus is to facilitate partnerships with people with learning disabilities to maximize their independence and achieve their potential
